NEW TORK, November 2 - Stocks manifered distinct strength in to-day's market. Prices rocketed unward at the opening and there was, for a time, very much the appearance of a bear pante. There were recessions and advances during the day, but at the close the prices, with few exceptions, were markedly above the closing figures yesterday.

NEW ORLEANS, November 2—The general trend of action was lower to-day, although no great selling pressure develocity. The trade appeared to nut an unfavorable construction on political news, while the absence of foreign shipments of any consequence caused bearish comment. Reports of a somewhat easier spot etuation and this fall of 15 points in spot prices encouraged short sales. The close was at action of the state of the 19 points. In the early trading prices felt off 24 to 39 points, in sympathy with market developments in other centers yesterday, which was a holiday here. Good support met the decline and a recovery resulted which did not stop untill the strongest months were 3 to 5 points in soot forthcoming and in the afternoon the market again fell off almost to the lowest levels. Trading was restricted, to some extent, by the perding bureau report on ginning on a larger actale than hithered this season.

Of course, the stupendous buying campaign of the government, the greatest ever witnessed in the history of any country, overshadows everything else, and extends out to a veritable myriad of lines, thus creating superactivity, the true degrees of which it is difficult to measure at this juncture. Of course, the severe was a superactivity of the severe was a superactivity of the severe was a superactivity. But alongside of governmental demand, marches a good volume of ordinary buying, most strikingly exhibited at centers contiguous to camps, but also noted at the South as a whole, where invalided home, are insisting on re-28-cent cotton is a stimulating influ-ence, and in other sections where profit

Christmas Smokes for Every U. S. A. Soldier in France

Y OU know that our fighting men are begging for tobacco. Tobacco cheers them. They need it. "Send more cigarettes." "We can't get half enough smokes over here." "A cigarette is the first thing a wounded man asks for"-almost every mail brings many thousands of such requests.

Let's "come across" this Christmas! Let's do our share here in Richmond to see that every single one of our boys over there at least gets the little Christmas cheer that "a good round of smokin'" brings.

All Christmas Contributions must be in by 12 noon, November 3rd

His stocking will be empty Christmas morning unless you get your contribution in not later than November 3d. Please don't say, "Oh! there's plenty of time; I'll send my contribution later." Dig down for his Christmas cheer now-to-day! -all that you honestly feel you can spare. And that can't be half what he really deserves, for his service can't be measured by dollars.

· A War Souvenir for You

A feature of this fund is that in each package is inclosed a postcard addressed to the donor. If it is possible for the soldier receiving the tobacco to mail you this postcard receipt, it will be a war souvenir you'll treasure forever.
